MEMORANDUM FOR: Deputy to the DCI for Collection Tasking
FROM: Director of Central Intelligence
SUBJECT: SSCI Briefing, 23 February 1978

If your time permits, I would suggest that you might want to come along to my briefing of the Senate Select Committee on Intelligence on the budget on Thursday. I will be describing the organizational arrangements. It might be nice for you to be there when I talk about the Deputy for Collection Tasking and in that way give you some added visibility with the Committee.
